[You type down the problem, but then 20 years later and
[3-5M for a top] 1000s don't understand, all it

the disease
good as replacement of environment

[Funds - Ag & Infrastructure] - \$100M to P to NE

Ag & S funds?

□ Doesn't address jobs created

Not up = LDC whole lot / local. In NE heat homes, have we
do it after, is up, down down, energy costs?

Building projects in Pennsylvania "revolving every day"

jobs off in construction, - but will it be a

the in local government? Tax benefit to local government

line to SC - would start FERC again?
liquefaction, natural gas - 1 pipeline 2 lines 3 lines, not gas
thru the gas pipeline, get it through tracks, compare to pipeline
steady prices

Shipped tracks -

gasoline gas; some carbon costs
EIS review

Emergency for the prepared? EM equipment?

Amick consulting?
